The needle size 75/#11/FFG/SES can be considered as the standard one.  
Packaging 100 needles: 1 box = 10x10 needles.

The Brother PR 600 embroidery machine requires a different needle system. MADEIRA offers the needle sizes 75, 90 and 100, which are suitable for all MADEIRA threads (please see above).

### The Madeira Scissors (Art. N9476)

**A handy pair of scissors, with curved, sharp points.  
No embroiderer should be without!**
